

Joining a Zoom Webinar

from an iPhone or iPad

If you don't have the Zoom app

Step 1:

Click the link in the confirmation email.

You can access the webinar [here](#).

Passcode: 261802.

Step 2:

Zoom will prompt you to download the Zoom app from the Apple Store.

The Zoom logo in blue, with "Support" and "English" links in the top right corner.

Step 4:

Go back to the confirmation email and click the link again. This should now open in the Zoom app.

Step 5:

Zoom will prompt you to enter your name. Enter your name and click 'continue'.

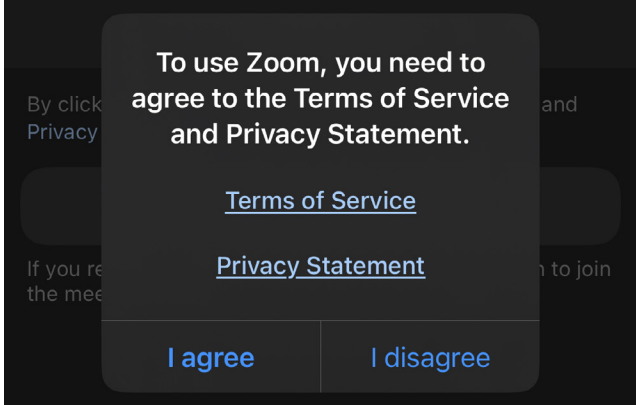

Step 6:

Zoom will prompt you to agree to the Terms of Service and Privacy Statement. You do have a choice here between 'I agree' and 'I disagree', but if you disagree, some aspects of Zoom will not work properly.

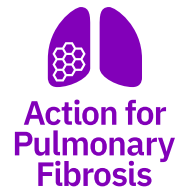

Once you've either agreed or disagreed, you'll be brought into the webinar.

If the webinar hasn't started yet, you'll see a holding screen. This means the webinar hasn't started yet. Wait on this screen until the webinar starts. Whilst we will always endeavour to start our sessions on time, there may be slight delays with starting the webinar. If you're still seeing a holding screen a few minutes after the scheduled start time, don't worry you've done everything right, the session just hasn't started yet. Stay on that screen and wait for the webinar to start.
